

CIRCLE OF HOPE

Registered NDIS Provider Supporting NDIS Chipping Norton & South Western Sydney

Business Overview

CircleofHope is a registered provider of the National Disability Insurance Scheme (NDIS), delivering professional in-home disability support and community-based programs across South Western Sydney. For participants and families searching for NDIS Chipping Norton support, Circle of Hope offers a locally based, registered team focused on building independence, increasing opportunities and improving social participation for people living with disability.

Registered with the NDIS since 2019 and with roots going back to 2015, the organisation works closely with participants, families and other registered providers to connect people with the tools and resources they need. Its services range from daily living support and therapy through to day programs, school holiday activities and supported accommodation, all delivered with a personalised, participant-first approach.
